Project Declaration

OPS is here to revolutionize your canteen experience, eliminating the frustrations of long lines and extended wait times. We understand the challenges of insatiable hunger and the desire for a more efficient solution.

With OPS, you can now conveniently place orders remotely, minimizing your wait time to practically **ZERO**. Say goodbye to disapproving glares from cafeteria staff – order online and pick up your meal only when it's ready. We offer the flexibility of ordering online and picking up offline, providing a seamless experience.

Discover the full range of options available, including the elusive ***secret menu***. OPS keeps you informed about each canteen's rush status, your order preparation time, and overall availability. Say farewell to the hassle and uncertainty – OPS is the answer to making your canteen experience smoother and more enjoyable.
